Perimeter gas probe #5,6,7,9,10+11 checked for methane. V# 20919.5 at probe # 11 readings of different depths probes have been over the 5% PEL level for perimeter probes. Take necessary steps to ensure levels of methane at this probe are below 5%. at 10' methane level was 7.8%, 70' → 1.6%, 141' → 0 and at 208' 0.2%. On 6/18/07 at 10 feet methane was 11.6% on 6/17/07 at 10' methane was 7.5% and at 208 feet it was 5.8% → over

Comments:

The following records were checked and found satisfactory: Road checks, safety meeting, tonnage, special occurrence and complaint. All materials satisfactory.

Several odor complaints have been to AQOD from Val Verde residents. These complaints have been investigated by Sail Jones from AQOD and found them unjustified. No complaints (odor) have been made to landfill hotline. Landfill personnel has been assigned to walk Val Verde streets during the morning hours as part of their effort to control odors from landfill.

Bird & litter control satisfactory
